Marble Church at Shores of St. Andrew Bible Camp

Marble Church was moved to Shores of St. Andrew in the fall of 2004 and later opened in 2005. The Church's original home was in rural Canby where its congregational membership was declining. The church board sadly decided it was time to dissolve the congregation and close the church doors, but they hated to see the building stand empty and deteriorate. A former counselor from camp heard of the news and suggested that they donate the church to the camp. With joyful hearts the church was donated to GLLM and moved nearly 100 miles to its new home. Once set upon its new foundation, the structure seems as though it has sat there for years. In the summer, it is used for worship daily by campers and hosting weddings and baptisms for years to come. Marble Church is available for weddings April through October.
